Re: Enloe Parking Structure
Chico, CA

Aaron:

I would like to take this opportunity to thank you and your staff for a job well done at the Enloe Parking Structure project here in Chico.

Our firm is new to the Geopier concept. But from start to finish, your office and field staff delivered. From pricing, to scheduling, to performance of the work, Farrell Design-Build more than exceeded our expectations. Your cost-effective approach to drilled-pier foundations has given this particular project a great start.

Please extend our thanks to everyone at Farrell Design-Build. We look forward to working with you again in the near future.

Sincerely:

Gary Fowler
